

Detached Homes

Features and Finishes

Design philosophy

Driven by an emphasis on design, superior craftsmanship, and our own experiences, we're committed to building the best homes for our families. We partner with the finest Planners, Architects, Engineers and Trades to ensure we don't just build houses, we build homes.

Construction

- 1 All homes are built with brick exteriors and stone accents. Elevations are aesthetically-driven to maintain a unique streetscape, balance and tone in the existing site and neighbouring units.
- 2 Long-life prefinished maintenance-free soffit, eaves trough and downspout in aluminum as per builder samples.
- 3 Quality self-sealing 50 year asphalt shingles.
- 4 Weather-stripping on all exterior doors, except the garage doors.
- 5 Fiberglass dent-resistant insulated front entry door with glass inserts, as per plan.
- 6 Composite pre-painted sectional garage doors as per builder colours.
- 7 All sliding patio doors to be double-glazed, PVC, with Low-E glass.
- 8 All windows are to be double-glazed, PVC, with Low-E glass. All operating windows are to be screened. All operable windows on the first and second floors will be casement throughout, with decorative bars on the front elevation, as per plan.
- 9 All basement windows to be sliders, double-glazed, PVC, with Low-E glass.

- 10 Corrugated galvanized steel window wells may be required on rear and side windows in basement, as per grading conditions at builder discretion.
- 11 All garage walls to be completed with drywall and gas proofed to code.
- 12 Entire lot graded and sodded as per plan.
- 13 Precast concrete slab walkway to front entry.
- 14 Exterior water tap installed in attached garage and at rear of house, as per applicable plan.
- 15 Some rear yards may have access from house via a small deck with stairs, depending on grade and as per builder discretion. Larger decks will be offered as an upgrade.
- 16 Basement to be poured concrete with drainage layer and weeping tiles, where applicable.
- 17 Paved driveways at home owner cost of \$950 on closing, within 18 months of closing.
- 18 Optional rough-in three piece plumbing in basement for future bathroom (drains only, no water lines).

Interiors

- 19 Soaring 9' high ceilings throughout the main floor.
- 20 Kettlebeck will work with home owners to upgrade their homes in their individual preference and options for a unique layout and colours.
- 21 Ceilings finished in California texture style plaster throughout the home.
- 22 Master bedroom complete with ensuite and closet, as per design.
- 23 Quality textured wood doors on all closets and bedrooms in two-panel modern lines.

● Black circles indicate exclusive, value-adding features that come standard with Kettlebeck homes.

Kitchen

- 24 Choice of custom quality finished cabinets and counter tops from Vendor's samples.
- 25 Standard 40" upper cabinets in kitchens, as per vendor's samples.
- 26 Standard double stainless steel sink.
- 27 Vented exhaust fan over stove.
- 28 Rough-in plumbing and electrical for future dishwasher.
- 29 Heavy-duty wiring and receptacle for electrical stove.
- 30 Electrical outlets are conveniently located for fridge and counter level for small appliances.
- 31 Single lever faucet in chrome.
- 32 Microwave cabinets over stove available as an option.

Baths & Plumbing

- 33 Choice of vanity cabinets and counter tops in all bathrooms from Vendor's samples.
- 34 Master ensuite bath to contain standard acrylic bathtub with ceramic tiles on walls with a shower fixture, if separate optional shower is not purchased.
- 35 Master ensuite to contain an optional separate shower stall with ceramic tile and a small tile shower base, as per applicable model.
- 36 Optional frameless glass shower stall in master ensuite comes equipped with an overhead waterproof light on a separate switch and a tiled bench, if purchased.
- 37 Additional bathroom(s) to have an acrylic bathtub with ceramic tiled bathtub enclosure walls, up to ceiling with the shower fixture, as per design.
- 38 Fixtures in master ensuite and additional bathroom(s) are to be white.
- 39 Choice of ceramic wall tile for main bathtub enclosure walls and shower walls (as per applicable model) from our wide selection of colours and styles.
- 40 All bathtubs to be acrylic, as per applicable plan.
- 41 Exhaust fans installed in all bathrooms.
- 42 Privacy locks on all bathroom doors and the master bedroom entrance door only.
- 43 Single lever faucets on all vanities.
- 44 Temperature control valves in all showers.
- 45 Standard white towel bar and toilet paper dispenser in all bathrooms.
- 46 Shower areas to have a soap dish installed on the tiled wall.
- 47 Mirrors in all bathrooms.
- 48 Main floor powder room to contain a toilet and a pedestal sink in white. Option of vanity cabinet and laminate countertop available from Vendor's samples, as an upgrade.
- 49 Shut off valves installed on all sinks.
- 50 All water lines to be polyethylene tubing throughout.
- 51 Sump pump may be required, as per municipal requirements.

Specifications are approximate and subject to change without notice. Builder may substitute materials with those of equal or better quality as determined by the builder's architect. Installed features and finishes may vary from builder's samples as a result of manufacturing and installation process. Decorative and upgraded items in furnished model home and sales office are for display purposes only and not included in purchase price. E.&O.E.

Detached Homes

Features and Finishes

Laundry Facilities

- 52 Laundry on main floor, second floor or basement, as per plan and designs.
- 53 Laundry on main floor and second floor to have finished tiles on floor with single plastic laundry tub. Optional tub cabinets, faucets and uppers available as upgrades.
- 54 Plumbing for automatic washer roughed-in.
- 55 Dryer vent and heavy-duty wiring and outlet provided as standard.

Finishing Details / Interior Trim

- 56 Natural finish oak stairs, railings and pickets, as per models and floor plans.
- 57 Interior passage doors and trims painted white.
- 58 6" or higher baseboards with door stop on hard surface area.
- 59 2 3/4" casings on all windows and doors.
- 60 Two-storey model types to have approximately 9' ceiling heights on the main floor and 8' on the second floor, except where precluded by bulkheads.
- 61 All closets to have shelving and hanging provision.
- 62 Optional fireplaces shown in floor plans shall be direct-vented gas fireplace with 8" marble surround.
- 63 Premium satin finish hardware on all interior and exterior doors. Dead bolt on side door entry, garage door and main entry door, where applicable. Side and garage man-doors are optional.
- 64 Exterior satin finish grip set with dead bolt on main entry door.

Electrical

- 65 Circuit-breaker panel with 100 Amp service.
- 66 All wiring in accordance with Ontario Hydro Standards and approved by ESA.
- 67 Light fixtures provided in all rooms except the living room.
- 68 Exterior lights on garages and front porch on front elevation, as per electrical plan.
- 69 Two exterior waterproof electrical outlets: one (1) at the rear of the house and one (1) in the porch area with covered box and on a breaker circuit.
- 70 Mechanical exhaust fan in all washrooms as per plan.
- 71 Toggle switches throughout the house.
- 72 Electrical outlet for future garage door opener in the garage ceiling.
- 73 Standard CO and Smoke detector on all floors as per the new OBC and safety by laws.
- 74 Combination smoke detector/carbon monoxide detector in upper hallway and bedrooms as per the new OBC.
- 75 Rough-in central vacuum outlets dropped to garages and basement ceilings.
- 76 Electrical door chimes.
- 77 Rough-in cable T.V. outlets 1 each in the family room and the master bedroom.
- 78 Prewired for telephone jack 1 each in the family room and master bedroom.

OBC = Ontario Building Code, ESA = Electrical Safety Authority, PDI = Pre Delivery Inspection, CO = Carbon Monoxide, HVAC = Heating Ventilation and Air Conditioning.

Heating / Air Conditioning / Insulation

- 79 High-efficiency forced air gas furnace.
- 80 Hot water tank—gas rental unit.
- 81 Ducts sized for future air conditioning.
- 82 Exterior walls to be 2" × 6" with R22, as per OBC.
- 83 Attic insulation to be R50 or better.
- 84 R12/R20 or better insulation to be installed to within approximately 4" above the basement slab in the unfinished basement area, with a vapour barrier nailed into the walls, as per HVAC energy package for each house, as per OBC.

Painting

- 85 Interior walls painted in builder's beige colour in a flat texture.
- 86 All trim and interior doors painted in white with semi-gloss finish.
- 87 All ceilings to be California texture style plaster in white.

Flooring

- 88 OSB tongue and groove sub floor glued, nailed and then sanded at drywall stage, as per Vendor's specifications.
- 89 All floor joints are sanded and nailed down twice to minimize squeaks and floor movement—an above average industry practice.
- 90 High performance engineered flooring system "I"—joists and 2' × 8' joists construction as per the architect's structural plans.

- 91 High Quality imported German Laminate flooring 12mm AC3 / Class 31 on HDF boards is being offered as a standard throughout the house with advanced engineered underpad. Planks come in a variety of colours in 5 inch width and 48 inch lengths. Flooring carries a 35 year manufacturer's warranty. See sample floor and bounce test in the model home.
- 92 Choose from a selection of imported ceramic tile (approximately 12" × 12" or larger) in kitchen, main floor laundry area and all bathrooms, as per plan.

Warranty

Kettlebeck Developments Group is a registered builder with the Tarion Warranty Corporation.

Standard Tarion 1 year, 2 year, 5 year and 7 year warranties apply to each house as they come enrolled with Tarion. PDI and a 30 day inspection and warranty will ensure that you get settled in your new home in a quick and stress-free manner.
